INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Gastonia Directory since 1934), presents to subscribers and the general public, this, the 1965 edition of the Gastonia City Directory, which also includes Dallas, Flint Mills Villages No.'s 1 and 2, Groves Mills Village, Lowell, New Hope Acres, Ranlo, Smyre and West View Heights. (In all, the Hill Directory Company and its affiliated companies publish more than 1,300 city, county, state and national Directories.).

Confidence in the growth of Gastonia's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Gastonia to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Gastonia Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings--a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Gastonia, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Gastonia, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free reference, and serve as perpetual and reliable advertisements of Gastonia and vicinity.

The Gastonia Out-of-Town City Directory Library

Through the courtesy of the publishers of the Gastonia City Directory, a Directory Library is maintained in the offices of the Gastonia Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the U. S., Canada and Puerto Rico by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY COMPANY,
Publishers.

GASTONIA

"City of Unlimited Opportunity"

(Courtesy of Gastonia Chamber of Commerce)

Location and History

Gastonia is pleasantly and strategically located in the geographical center of the Piedmont Section of the Carolinas. This Piedmont is the section between the Coastal Plain on the east and the mountains on the west; it runs north-east and south-west; its average elevation above sea level is about 800 feet; and it contains the greatest concentration of population and industry in the southeast. More people live within 50 miles of Gastonia than within 50 miles of any other city in North Carolina.

The section which now contains Gastonia and Gaston County was settled by Scotch-Irish and German settlers during the last half of the eighteenth century. These pioneers laid out their farms along the fertile countryside where only the Catawba Indians had previously lived. They treated the Indians fairly, there was no trouble between the races, and the Catawbas fought with them against other Indian tribes and in their struggles during the Revolutionary War. It is no surprise that the Battle of Kings Mountain, the turning point of the Revoluntionary War, was fought only 20 miles from Gastonia by these same pioneers who were determined to preserve their political and religious freedom.

In 1846 Gaston County, of which Gastonia is the County Seat, was formed by a division of Lincoln County. It derives its name from Colonel William Gaston who was an associate justice of the Supreme Court of North Carolina and a congressman from North Carolina serving in the House of Representatives. Gaston is relatively small in area, having only 358 square miles.

Photo by Harley Ferguson

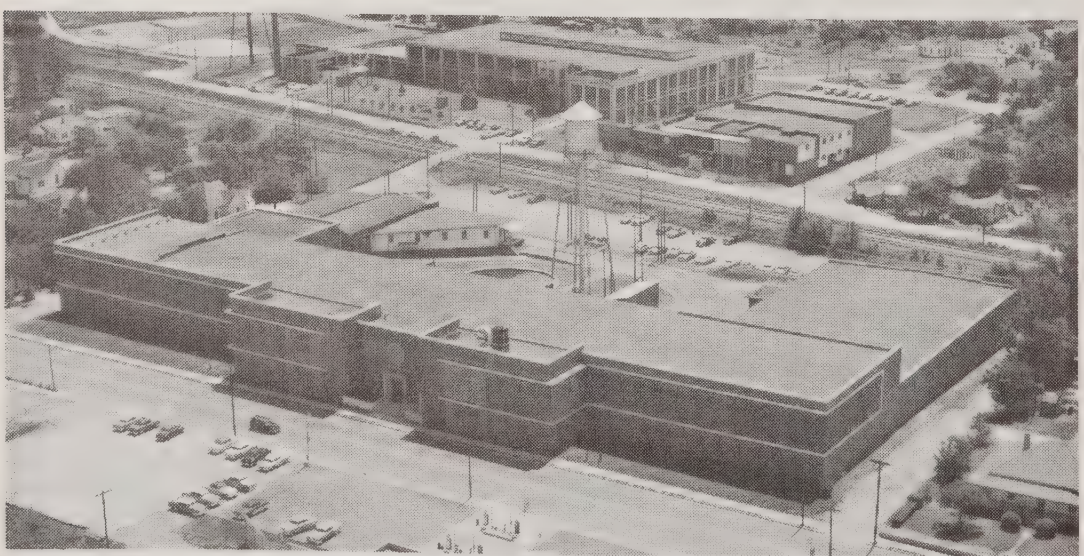
Twenty miles west of Gastonia, the Kings Mountain National Military Park, the turning point of the Revolutionary War. Thousands of tourists visit this historic spot every year. This is a picture of the battleground monument.

Gaston County was only two years old when its first cotton manufacturing plant, the Mountain Island Mill, began operations. In 1852 the Woodlawn, or "Pinhook Mill," began making textiles, and from these small beginnings the county has developed into the foremost textile manufacturing county in the nation--it consumes more cotton and has more active spindles than any other county.

From a predominantly agricultural economy in the beginning, Gastonia and its mother county have developed during the century into North Carolina's third largest industrial county. While Gaston has maintained its supremacy in textile manufacturing, it has also diversified and added to its long list of products, in the making of which 30,670 persons are employed.

From a crossroads settlement, Gastonia was incorporated in 1877 and has grown to over 47,000, and a metropolitan population of 65,000. Lots of its manufactured products have an international market, and its good industrial climate beckons other industries to come and enjoy its benefits. With all its rapid, but stable growth, it has not neglected its educational, cultural, religious and recreational facilities.

This is a reproduction of the Woodlawn Factory, or "Pinhook" Mill, as it was more familiarly known. It was built in 1849, in Gaston County, operated by water power, and was the second textile manufacturing plant in Gaston County.



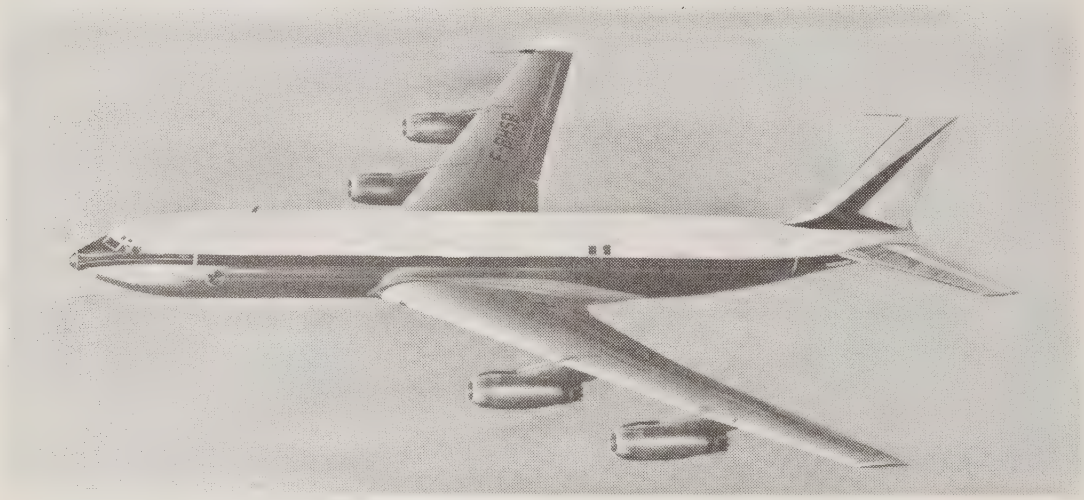
Two modern textile manufacturing plants in Gastonia. Twenty three thousand people are engaged in manufacturing textile products in Gaston.

Photo by Harley Ferguson
A few of the great variety of textile products made in Gastonia.

Gastonia's great asset is its people—quick and eager to learn and conservative in their thinking.

For several generations the predominant industry has been manufacturing, and with this background the people possess an inherited aptitude for mechanical work and an ability to compete successfully. Census reports indicate that 47 o/o of employed persons are engaged in manufacturing and 32 o/o in white collar occupations. Those employers who have had occasion to compare Gastonians with those from elsewhere are very positive in their tributes as to their loyalty and the readiness with which they acquire mechanical skills. They are quick and eager to learn, cooperative and friendly in their attitude to their employer, and basically conservative in their thinking.

Completely adequate transportation facilities are at your "finger tips" in Gastonia. These facilities consists of three railroads, twenty-five motor freight carriers, a network of four U. S. and three State Highways, and the Douglas Airport, fifteen miles distant, which schedules 100 passenger and freight flights per day.



All means of transportation are readily available to Gastonia and its varied enterprises.

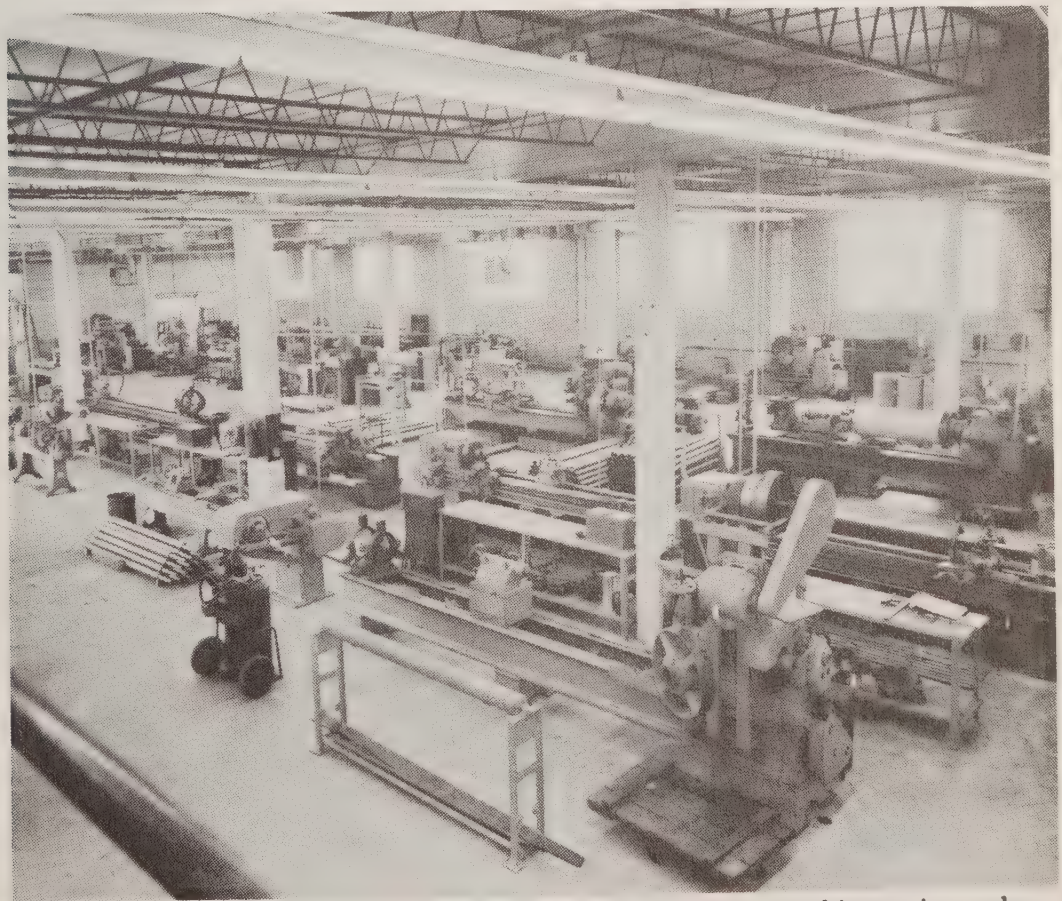
Retail Trade

Gastonia's trading area includes Gaston County and spills over into three adjoining counties, with an aggregate population of 250,000. The latest estimate by Sales Management gives Gastonia total retail sales of $89,776,000 and Gaston County $139,335,000.

Financial

Supporting Gastonia's spectacular growth is an aggressive attitude on the part of its banking fraternity and a formidable array of assets available from its three banks and two savings and loan associations. There are nine local branches for the convenience of banking customers.

Shoppers can have their most fastidious needs satisified at Gastonia's mercantile counters.



One of the numerous plants in Gastonia where textile machinery is made.

Educational and Cultural

The educational facilities of the community are closely adjusted to its industrial, economic and cultural needs. Beyond the level of the splendid public and parochial schools are Belmont Abbey College (Senior), Gaston College, a 2 year liberal arts school, Sacred Heart Academy, a junior college for girls, the North Carolina Vocational Textile School, the Evans College of Commerce, Piedmont Bible Institute and the Gaston Memorial Hospital School of Nursing. The Gaston County Nature Museum has had wide acclaim for the great variety of its fossils, artifacts, mineral and animal specimens. Many choral and study groups and associations and clubs add greatly to Gastonia as an attractive place to live and do business. The County Library with 125,000 volumes, has seven branches over the county for the convenience of all the people.

Ashley High School in Gastonia.

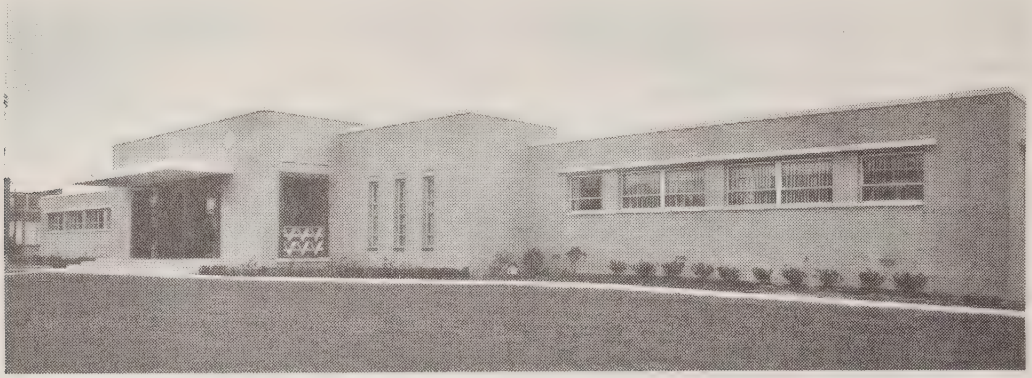
Main office in Gastonia of the Gaston County Public Library.

North Carolina Vocational Textile School, located in Gaston County.

Churches and Character Building Agencies

The firm religious convictions of the pioneer settlers still persist in the Gastonia community today, as it is fully attested by the countless thousands who regularly attend services in the 100 sanctuaries. These churches include the usual Protestant denominations found in the southeast, together with the Catholic and Jewish. Millions of dollars have been spent by local congregations in recent years for new and improved edifices. Gastonia has distinguished itself by the large number and excellence of its Boy and Girl Scout Organizations, by the Boys' Club of America organization for Negro boys, its modern and well equipped YMCA building, and the variety of its program for adults as well as the youth of the community.

Gastonia is a church-going community with 100 sanctuaries and many other character building agencies.



The Y. M. C. A. is a beehive of activity, patronized by all ages.

Recreational

The City of Gastonia has a well organized Recreation Department serving both races and geared to fit the needs of all ages. There are community centers, a skeet range, swimming pools, an 18-hole golf course, a regulation athletic field, all-weather tennis courts, picnic tables, an 85-acre lake for boating and fishing, and playgrounds for little children. This city has 13 parks, aggregating 250 acres, well distributed geographically for every potential user. Private enterprise has provided two bowling alleys with 52 lanes, four golf courses, basketball courts, and fields for baseball, football and all kinds of outdoor sports. On the Catawba River are several artificial lakes created by the Duke Power dams where year-round fishing and aquatic sports and boating are only 15 minutes distant. The Blue Ridge Mountains are only 60 miles to the northwest, and the Atlantic beaches can be reached in four hours.

Gaston Country Club is outstanding for its fine golf course and its nice, commodious quarters.

Water skiing on Catawba Lake, only eight miles from Gastonia.

Photo by Harley Ferguson

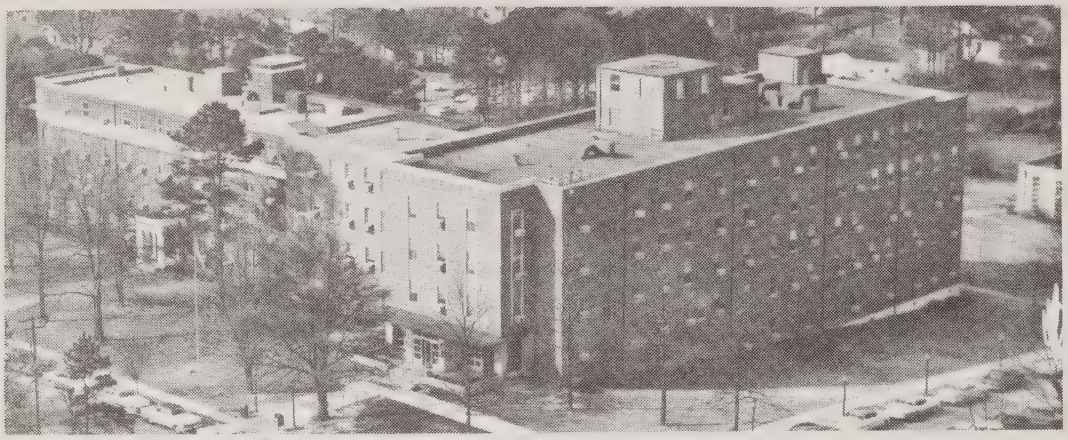
City Hall, the seat of Gastonia's government.

Government

Gastonia operates its fiscal affairs efficiently under the City Manager-Council (Plan D) form of government. Its tax rate is $1.50 per $100 of valuation, which is approximately 33 % of actual value. The County also operates with a Manager.

Health and Climate

There are four hospitals with 451 beds in Gastonia, including the North Carolina Orthopedic. These institutions have all facilities for the modern practice of medicine by the 60 physicians and surgeons who practice here. The County provides a Public Health Department which is very active in ferreting out and eliminating unsanitary conditions and guarding the public health generally.



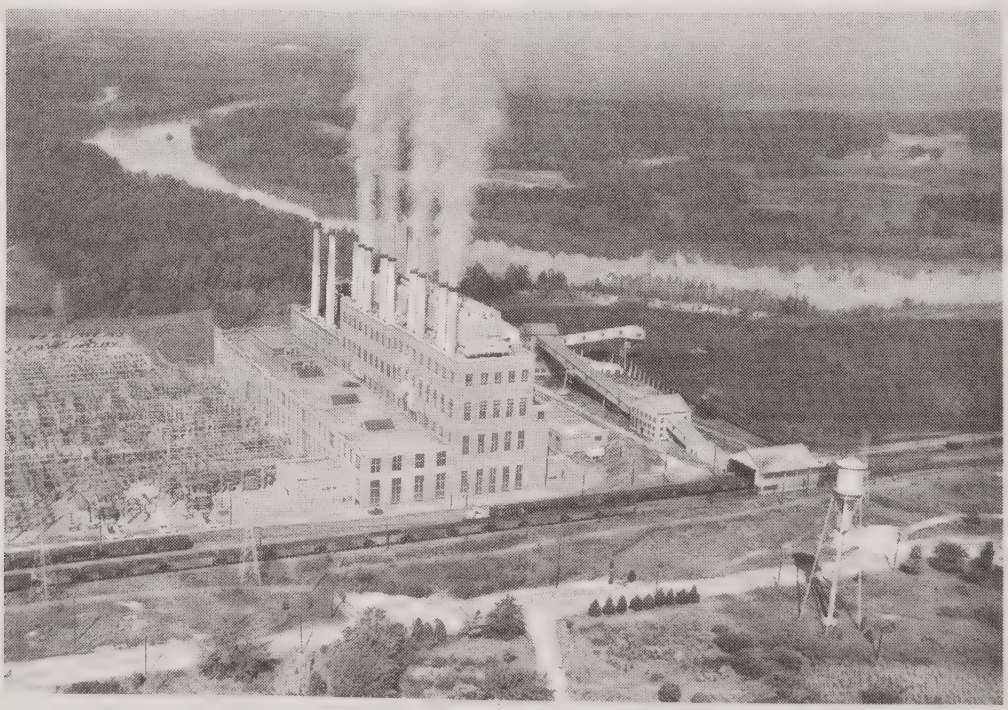
Gaston Memorial Hospital, one of the four splendidly equipped hospitals in Gastonia.

Gastonia's elevation of 825 feet above sea level and its position relative to the mountains insure against extremes of both heat and cold and excessive humidity. Below zero temperatures have occurred on only four days since 1878, and above 100 degrees readings occur on the average of twice in three years. The average growing season--frost free period--is 230 days, extending from March 24 to November 10. Snowfall is infrequent and over a long period of time has averaged 5.7 inches per year.

Communications and Utilities

Gastonia has one newspaper, the Gastonia Gazette, an afternnon daily and Sunday morning, with circulation of 26,426. There are 4 radio stations WGNC, WLTC, WGAS and WAAK. The Southern Bell Telephone & Telegraph Company serves the area with over 46,604 telephones in the local exchange.

Water and sewerage utilities are owned and operated by the City of Gastonia, as also is electricity within the city limits. Outside, electricity is retailed by the Duke Power Company. Natural gas is available through the Public Service Company of North Carolina, its supply coming from the Transcontinental Pipe Line Company.



One of Duke Power Company's generating plants near Gastonia. Two million k. w. of electrical energy is generated in Gaston County.

OUT OF SIGHT! OUT OF MIND! OUT OF BUSINESS! . . . . .

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

Do your employers furnish you with the latest edition of the City Directory

?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

MR. CITIZEN!

CORRECT INFORMATION IS VALUABLE TO YOU!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers —the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

Out of Sight - Out of Mind
★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight ***Insist on being well represented in its pages.***

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in HEAVY TYPE denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.

VITAL INFORMATION

AT YOUR FINGER-TIPS!

Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communication, etc. Also, Directory usage is **up** among regular subscribers.

MORE PEOPLE ARE SEEING CITY DIRECTORY ADS

Out of Sight - Out of Mind
★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

STREET and AVENUE GUIDE
INCLUDING
TELEPHONE NUMBERS and HOME OWNER SYMBOLS
1965

INCLUDING DALLAS, FLINT MILLS VILLAGES NO.'S 1 AND 2, GROVES MILLS VILLAGE, LOWELL, NEW HOPE ACRES, RANLO, SMYRE AND WEST VIEW HEIGHTS

Copyright, 1965, by Hill Directory Company

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parentheses denote old numbers.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.
